

Secret

“Yo Micah , there are some FBI cars and agents at the entrance,” Said, my friend

“Dang, what did you do?” I laughed.

“Dude... they are looking for...” He goes quiet.

“What dude? What are they looking for?”

“Just never mind, dude.”

“All right then...” I said.

After that weird conversation with my friend, I didn't think about it. I mean I can say what if or what if but that would be boring. All I care about right now is going to my classes. Well, it's time to go, my first period class. As I walked to my locker, everybody started staring at me, even teachers would just stop and stare at me. This is acting strange. I would enter my first period, and everybody would just stare at me. I didn't care since everybody already did it. I looked down at the window.

“Hey Micah, would you like to step out of this room?” Said the teacher.

“Why though? Am I in trouble?!” I yelled.

“Just step out, please.” said the teacher.

I could tell she was worried about something. I decided to step out of the classroom. I walked near the lockers. I heard people talking about a guy. I went looking for them. I saw them and they were wearing an “FBI” vest. I went back in near the lockers. I start thinking.

“Can we have Micah to the main office?” The Announcer asked.

I can easily tell they were scared, but are they scared of me? Are they helping my friend Phillip since he was lost for 2 years? I mean maybe. Should I go or not go? I need to stop thinking and do what I want.

I would walk to the main office, and I'd enter the main office. I saw Agents with rifles. I heard someone crying. There is a lot of noise from people talking. I was in the middle of silence. An agent saw me and radio it in. I started looking around, and then I saw Agents looking around and coming close to me. I was so scared but they want to fight. I will give them the best fight they ever have gotten. I could see a person who looks like he is in charge.

“So are you Micah?” He asked.

“Yes, sir, I am,” I said quietly.

“I can see you are shaking. I want you to know that you not in any trouble. We just want to ask questions,’ He said loud and clear.

“Sir, if I wasn't in trouble why would your agents have guns?”

“Hmm... you are very smart aren't you?”

“Not smart just common sense. I'm also going to leave.” I said loud and clear.

I would start walking away.

“TAZE HIM NOW!” Said an agent.

I get tazed and fall to the ground.

“Since you tried to escape, you are getting arrested.” He said worriedly.

“Uhhh...”

I get up to open the door and started running for my life. I saw the main entrance open so I dashed there. I was outside what to do now?

“Micah stop now or you will get shot!” the agent yelled.

“I DID NOTHING!” I yelled back.

“Yes, you did something you are running from the FBI.”

“Then get me,” I winked

I started running to the yard and jump the fence. There was a truck in front of the road. I started sprinting near the truck if they could help me.

“Micah, get in here now.” Said an unknown voice.

“Wait, PHILLIP? Are you in here?” I said.

He puts me in his truck. The truck went fast and drifted when turning.

“Yep, Micah, and those people are not with the FBI.”

“Yeah. I was going to say that. What are we going to do now?” I asked.

“Well for now we made a time machine,” Phillip said.

“YOU MADE A TIME MACHINE?!?” I asked

“Yes, now stop talking. We are gonna enter it now.”

“WAIT WH-” I paused.

The car was going crazy. I saw the numbers. I saw people in each number. So I started thinking about how I made it and is this actually possible. We stopped in 1921. Our car was also changed to the period we were going to.

“So uh did you make this?”

“No Micah, you did.”

“But aren’t you the smartest person?”

“I mean I made it but you made it work,” Phillip said upset.

“OH,” I laughed.

“What now?” I asked.

“We are in that fake FBI base and the FBI leader is in 1921.”

“Why 1921?” I asked.

“That is when he is supposed to die. I will make sure he does die.”

He pushed me out of the car. I don’t know why he did that. I would walk around the town. I was seeing famous people that didn’t even know they were famous. Then all of a sudden, A BIG BOOM. I walked to the BOOM. I saw a huge building just coming apart.

“This wasn’t in our history...” I said.

Some adults were laughing and some adults were confused and just looking at me. I start walking away. I also took a picture when the building was collapsed for research purposes!

The truck came near me and picked me up.

“Did you do that?” I said confused.

“Yep. we are going back to 2025.” He said

“Wait why?”

“Just stop asking questions.” He said

"Ok fine," I said

We would go silent. There was a button that says "Click to go to 2025." I clicked it.

Then the truck would do crazy things. My mind had a sentence It says," 104 years.

Please wear a mask." We would go to 2025 and was at someone's base.

"See you later, bro," Phillip said"

"Bye?" I said confused.

Yep, that was the time I went to the future and past. I had a text that says, "Hello, sir! Since you know our secret headquarters aka truck. We would need to take you in. You can't say no." This was the time I became an agent with Time Incorporation, and also the time It changed me.
